

Style My aim is to capture your day naturally as it happens. It's the little moments that I try and capture, a tear in a groom's eye or a loving glance between family members getting ready. Moments that are real memories.

I will be the one you speak to in the lead up to your wedding, the person who presses the button on the day and the one who edits and photoshops your images. I am the only award winning South Australian to be accepted into the international Wedding Photojournalist Association where I am the highest awarded photographer in Australia. In 2010 I was judged by the WPJA as one of the top 10 photographers in the world.
